Fashion Consulting Group, a leading consulting agency in Russian fashion industry, together with international trend bureau FashionSnoops.com will present the most current fashion trends in a unique format of Trend Gallery. The FCG / FashionSnoops trend gallery is a space where key themes, colors, materials, decor, prints and must-have models for the upcoming season are presented, as well as fashion models for Russia and the CIS countries recommended to purchase.

We invite your company to present your collection in one of 2 thematic spaces:
a zone of key trends in clothing, shoes and accessories; and a zone of underwear and beachwear.

The participation of your brand in the trend zone will help your company:

1. Increase stand attendance
 - Additional promotional stand in the area of maximum flow of visitors to the exhibition
 - Navigation of trend zone visitors to the exhibitors' booth:
 - Each model at the exhibition will have a label indicating the booth number and brand name.
 - on the info desk near the trend zone there will be a booklet with information on fashionable topics, as well as about the exhibitors.
2. To increase interest in exhibitors' products
 - Correlation of exhibitor models with trendy themes
 - Focus on the models presented in the trend zone as part of a trend excursion
3. Get extra PR
 - Mentioning participating companies in a press release on trend zones, to be distributed in leading media
 - CPM visitors database Newsletters with mentioning participating companies
 - Posting a video based on the results of trend zones work on CPM webpage in the trend zone section
 - Photo of the trend zone in social networks

Excursion to the clothing trend zone within
the framework of the CPM exhibition in September 2019

MUSIC / VIDEO

The playing of music or videos at the stand require the prior consent of the organizer. The exhibitor must observe the relevant regulations.

To ensure that noise levels stay within acceptable limits both for neighbouring stands and the exhibition hall in general, the reproduction of music and/or videos is subject to permission.

Recommendation:

The volume of the music at the stand depends on the stand design and, in particular, on the type and mounting of loudspeakers, i.e. if you use several small loudspeakers and install them in a downward direction the volume will be sufficiently high and uniformly spread across your entire stand.

If music is reproduced without a permit from the fair management, the power supply to the stand will be disconnected. This also applies in the event of problems with excessive volume. We pledge your understanding on behalf of all parties involved in the fair.
