## 9. PLACE OF DELIVERY / JURISDICTION / APPLICABLE LAW

---

Provided the exhibitor is a businessman / businesswoman, a legal entity under public law or a special fund under public law - unless the contract or, where relevant, the Terms and Conditions of Participation specify otherwise - the place of fulfillment for any obligations arising from and in connection with the contract shall be deemed to be Moscow, Russia.

If the exhibitor is a businessman / businesswoman, juristic person under public law or a public-law special fund, Moscow, Russia shall apply as agreed as place of jurisdiction for all disputes arising from or in connection with the contract – as well as for cheque and bill of exchange litigation. The organizer shall, however, have the right to take legal action against the exhibitor at another place of jurisdiction applicable for him. If the exhibitor is not a businessman / businesswoman, a juristic person under public law or a public-law special fund, Moscow, Russia shall apply as agreed as place of jurisdiction in the event of the exhibitor – not having had any general place of jurisdiction in the Russian Federation at the time of conclusion of the contract, or – moving his / her legal domicile or place of habitual abode out of the Russian Federation subsequent to conclusion of the contract, or – in the event of his / her legal domicile or place of habitual abode not being known at the time of taking legal action.

The reciprocal rights and obligations from the contractual relation between the parties shall be governed by the laws of the Russian Federation.

## 10. BRING-IN & BRING-OUT OF GOODS

---

You will get more information on processing administration documents, delivering exhibits and equipment in the following text. We enclosed a form (only for hand luggage) for this purpose. You will get it in the Organizer Office during setup-, show- and dismantling time.

### **Delivering Exhibits and Equipment not Subject to Customs Clearance**

ATTENTION! Starting from September 2009 Expocentre has introduced a fast-track procedure for delivery and removal of exhibits and equipment to/from Expocentre Fairgrounds.

Registration is held and Delivery/Removal Passes are issued at the Advanced Dispatcher's Office (PDP) located near Entrance Gates No. 1 and 2.

One-entry vehicle passes are issued only after all the payments have been made.

### **Attention!**

If there are any questions during the delivery / removal (e. g. your absence in the Exhibitor List, etc.), please contact the Exhibition Team.

Delivery of exhibits and equipment is carried out through the following gates (please see the layout):

- Pavilion Forum – Entrance No. 1A (from Krasnopresnenskaya naberezhnaya)
- Pavilion No. 8 (halls 1, 4) – Entrance No. 2 (from 1<sup>st</sup> Krasnogvardeisky proyezd).

You will be informed of the final Entrance Gate number at the Advanced Dispatcher's Office (PDP) on the delivery/removal day.

Telephone numbers of the PDPs and Pavilion Managers:

	Landline number	Internal extension number
Entrance 1A	+7 (499) 795 39 59	39 59
Entrance 2	+7 (499) 795 27 29	27 29
Pavilion No. 8 (halls 1)	+7 (499) 795 25 56	

Vehicles delivering/removing exhibits enter the Fairgrounds on presentation of valid one-entry delivery/removal passes. The one-entry passes are issued at the Dispatcher's Office near the appropriate Entrance Gate on the date of entry.

#### Delivery/removal procedure:

##### Step 1

Submit the Power of Attorney for Delivery Driver or Person Accompanying the Exhibits to obtain one-entry passes and 2 (two) copies of Delivery/Removal Permit Application/Consignment Note.

The Application/Consignment Note shall be issued on a company letterhead, and duly stamped and signed by the Company's CEO.

Besides the names of exhibits and equipment the list is to contain maintenance accessories and household appliances if delivered.

Attention: If required, before delivering the above items to Expocentre Fairgrounds, get the delivery approved with (please see the Enclosure):

1. Fire Station No 160: approval is mandatory in relation to stand structures, fittings and construction materials (see the Enclosure); ONLY FOR SELF CONTRACTOR.
2. Expoconsta OOO: approval is mandatory in relation to the stand layout and number of stand levels, stand fittings, structures and materials, carrying out of electrical and plumbing works, rigging and suspension of decoration items to the pavilion structures; ONLY FOR SELF CONTRACTOR
3. Telecommunication Division: approval is mandatory in relation to delivery of radio electronic and high-frequency devices, as well as projection equipment owned by a third party;
4. Capital Construction Department: approval is mandatory in relation to delivery of heavy-weight and bulky exhibits.

##### Step 2

Show the Power of Attorney and one copy of the Delivery/Removal Permit Application/Consignment Note, tell the registration number of the vehicle entering the venue to the Dispatcher of PDP.

##### Step 3

Get a one-entry pass from the Dispatcher of PDP. Receive the information from the Dispatcher on the availability of empty parking lots near the Pavilion and the time of your entrance to the venue and proceed to the Entrance Gate.

##### Step 4

Show the one-entry pass, one copy of the Delivery / Removal Application/Consignment Note to the Security Officer at the Entrance Gate, and submit the vehicle for a security inspection. The Security Officer will indicate the time of entrance in the pass.

##### Step 5

Proceed to the load/unload site and show one copy of the Delivery/Removal Application/Consignment Note to the Manager of the Pavilion where your stand is located. The place to park your vehicle at the assembly gate will be indicated by a security officer.

One copy of the delivery/removal application shall be retained by the exhibitor; the other copy shall be submitted to the Administration of the Pavilion or of the Open Air Site.

Hand carried exhibits, office equipment and appliances are to be delivered to the venue against a one-entry pass. One-entry passes shall be obtained with the Manager of the Pavilion where the Exhibitor's stand is located. One-entry passes shall be issued against the completed Delivery/Removal Application/Consignment Note (2 copies: one copy shall be kept by the Exhibitor, the other copy shall be submitted to the Pavilion Manager).

Hand carried exhibits, office equipment and appliances are to be collected against an inventory pass that shall be obtained with the Manager of the Pavilion where your stand is located. Inventory passes shall be issued the completed Delivery/Removal Application/ Consignment Note.

##### Step 6

To remove the exhibits and equipment, show the Power of Attorney to the PDP Dispatcher and apply for a one-entry pass.

## Step 7

Once the one-entry pass is received, submit one copy of the approved delivery/removal application to the Pavilion Manager and have the time of removal indicated there. If the time of removal has not been indicated on the copy by the Pavilion Manager, your vehicle will not be allowed to leave the fairgrounds.

Attention: Vehicles should leave the Fairgrounds immediately after the exhibits and equipment have been unloaded/collected.

Delivery of equipment and exhibits that do not require clearance at Expocentre's Customs Office is carried out through the appropriate gate during the build-up period from 8.00 am to 7.30 pm.

- All exhibits shall be delivered to the exhibition site by 5.00 pm of last construction day.
- Delivery of small items by hand is permitted on the opening day of the exhibition from 8.00 am to 9.30 am ONLY.

Additional delivery of exhibits to the Fairgrounds during the open period is permitted only between 8.00 am and 9.30 am and between 6.00 pm and 7.30 pm.

By 9.30 am of first running day all cargos (exhibits) shall be unpacked and the empty package, stand fittings and materials remained after stand installation shall be removed from the Pavilions and the Fairgrounds. Otherwise Expocentre or Expo Fusion LLC reserves the right to dispatch the remaining unpacked exhibits to the warehouse of ExpoWesTrans, OOO  
 1<sup>st</sup> Krasnogvardeisky proyezd 14,  
 Tel.: +7 (495) 605 03 27, 605 74 21  
 Fax: +7 (495) 605 79 35

The exhibits will be transferred to the warehouse and stored there at the Exhibitor's expense. Transfer and warehousing of the exhibits will be charged according to ExpoWesTrans tariffs. Attention: If there are any questions during the delivery/removal (e. g. your absence in the Exhibitor List, etc.), please contact the Exhibition Team.

### Foundations, anchor holes and cable ducts

Foundations, anchor holes (drilling of holes, etc.) and the laying of cables under the floor are not permitted.

### 1.3 Electricity and water

#### a) Electricity

Electricity for lighting: 220 V

Electricity for power: 3-phase AC 380 V with limited load mid-point conductor (fourth wire).

The main frequency is 50 Hz. Motors with more than 20 kW must be switched with load-limiting starter devices. All electrical units and equipment must comply with the regulations of VDE. The supply cabling and the main electrical connection from the hall distributor to the stand may only be made by Expo Fusion LLC for reasons of safety in operation. Orders are to be placed using the appropriate form. Electrical installations within the stands are done by Expo Fusion LLC on the basis of the orders placed. Electrical installations within the stands can be done by the electricians of the exhibitor or by concessionaire electrical companies working in compliance with VDE regulations and to the state of the art of technology. Existing electrical installations within the stands may only be put into operation during the period of the event itself once they have been officially accepted and approved by Expo Fusion LLC. Test certificates are to be kept in readiness when the stand is officially accepted. Test certificates are to be in Russian and German.

#### b) Water

The necessary installation work may only be carried out by Expo Fusion LLC for reasons of safety in operation.

Orders are to be placed using the appropriate form.

#### a+b) WARNING

Please note that it is not possible to provide an optimum layout in all cases when planning the layout at the trade fair or exhibition due to obstacles and structures such as pillars, columns, electrical connecting boxes, water supply and drainage lines, fire alarms, etc.

It is necessary to take into account that there will be visible cables and pipes.

The management of the trade fair concerned is to be informed immediately in the event of any problems with the supply of energy or power.

The organizer shall have no liability whatsoever for losses and consequential damage caused by problems with the supply of energy or power.

### 1.4 Transport, exhibition and dismantling of exhibition goods

The transport of exhibition goods to the stand and back, the storage of empty containers and packaging, the use of lifting and conveying equipment, the use of personnel for packing and unpacking, setting up the exhibition goods and dismantling them, repacking them and other associated work is exclusively a matter of the exhibitor.

The hall shipper is exclusively responsible for handling shipping-related matters within the premises of the exhibition grounds.

The organizer has no liability whatsoever for such matters.

### 1.5 Customs formalities

The exhibitor himself must be aware of and comply with all the necessary customs formalities concerning items for exhibition, stand design materials and goods.

Any further details that are necessary for all transport processing, including the handling of goods for representation and printed materials, are to be communicated to the exhibitors by special transport-related circular letters from the hall shipper.

## 2. STAND ASSEMBLY AND EQUIPMENT

### 2.1 Stand assembly, design, labelling and personnel

Equipping and designing the stands, if they exceed the scope covered in the terms and conditions of the organizer, is a matter for each individual exhibitor. However, the construction regulations and guidelines of the organizer shall apply for the type of design for the location of the event. The exhibitor is required to agree beforehand with the organizer concerning his design. A stand design that does not comply with the regulations or guidelines can be removed or modified by the organizer at the cost of the exhibitor concerned.

The stands can be produced with your own material. The rear of the stands must be designed in a neutral way by the person to whom the stand belongs so that the interests of the neighbouring stand are not adversely affected.

Walls that are adjacent to the visitor gangways must be made less monotonous by the installation of showcases, niches, displays, etc., to document the exhibitory nature of the stand and the entire event. Constructions of all types and exhibits may not protrude into adjacent areas and the visitor gangway.

Stand construction materials that were rented from the organizer may not be damaged by drilling, stapling, cutouts or remnants of strong adhesives and the like. The exhibitor will be billed for any damage caused (e.g. system wall element EUR 100.00).

The use of other stand back walls is forbidden. Each exhibitor/ stand constructor is required to make provision for an adequate number of walls of his own. Each rented stand is to be given a floor covering.

Dismantling of the stands can be done within the times intended for that purpose. Exhibitors shall remove their collections for stand dismantling by no later than 6.00 pm. The rented space shall be handed back to the organizer in the same condition as it was found in. Any damage to walls, floors, ceilings, fittings, etc., will be made good by the organizer and billed to the exhibitor.

The stand is to be provided with an adequate number of information personnel during the opening times of the exhibition or trade fair.

### 2.2 Construction height

The construction height is a maximum of 2.50 m for all stands, measured from the hall floor to the top edge of the stand. It is only permissible to exceed this height with the explicit approval of the Organizer. The same applies to items suspended from the hall ceiling. If the normal height of 2.50 m is exceeded, it is necessary to comply with a neighbouring zone of 1.00 m. Exhibited items are not subject to these restrictions.

A two-storey structure is only permitted to a limited extent and only with the approval of Messe Düsseldorf GmbH on behalf of Expo Fusion LLC. The construction request for a two-storey structure must be sent in immediately after the stand has been approved. The application, which must be received by Expo Fusion LLC 10 weeks before the start of construction at the latest, must include stand construction drawings in 1:100 scale (construction details may need to be shown in a larger scale as applicable), structural calculations in accordance with Russian standards, and two copies of a description of the structure in English.

The fees for the construction permits are to be billed to the exhibitor. There is a surcharge of 30% on these fees for applications that are sent in late. With two-storey exhibition stands the structural components, the ceiling of the ground floor and the floor of the upper storey must be made out of sparingly flammable materials. Test certificates are to be kept in readiness when the stand is officially accepted. Test certificates are to be in Russian and German.

### 2.3 Stand construction approval

The Russian operator of the exhibition centre (AO Expocentre) has changed the stand construction approval procedure for exhibitors who do not have their trade fair stands set up by OOO Expoconsta:

Effective immediately the following documents must be submitted in duplicate form in Moscow for approval and inspection:

- Letter referring to the project (russian)
- Hall plans, floor plans and view diagrams of your stand with correct sizes.
- Wiring diagram, including specification of the power connection data
- Static certification for double-level stands and detailed diagrams, only in Russian
- Qualification certification of all electricians and technicians to be employed at the exhibition centre as well as copies of passes of all supervising technicians
- Certificate of the conformity to the Industrial Standard (ISO 9001)
- Fire protection certification for all combustible materials

All submitted documents must bear the stamps of the companies rendering the services and the signatures of the supervising persons. These documents must be submitted to OOO Expoconsta in Moscow no later than **45 days prior to the official start of construction**:

OOO Expoconsta  
1st Krasnogvardeisky Proyezd, 1  
123100 Moscow, Russia  
Tel. +7 499 795 25 36  
Fax +7 499 795 28 44  
e-Mail: [stk@expoconsta.ru](mailto:stk@expoconsta.ru)

**Fees:**

Fees will be charged directly to the customer by OOO Expoconsta.

The rates based on the rates of Expoconsta. The Organizer reserve the right to adjust prices should the local rates change. Please note that the import of your stand construction material to the exhibition centre may be refused in the absence of an official approval.

**The general stand construction approval procedures, inspection of the maximum permissible installation height and compliance with the specified distances between installations continue to be the responsibility of the Organizer.**

**Before submitting your plans to OOO Expoconsta for approval, please send us the appropriately scaled floor plans and view diagrams, which will be immediately returned to you with the corresponding approval notes of the Organizer.**

**The following applies to exhibitors who have Expo Fusion LLC set up their stands:**

1. The stand construction approval is obtained by Expo Fusion LLC.
2. The necessary project documents must be submitted to within 60 days prior to the official start of the stand construction

The management of the trade fair should be informed immediately in the event of any problems with the supply of energy or power. The Organizers shall have no liability whatsoever for losses and consequential damage caused by problems with the supply of energy or power.

**2.4 Roofing**

The stands may only be given enclosed roofing using sparingly inflammable construction materials in the area of the cabins. The installation of a sprinkler unit is required if an area of more than 30 m<sup>2</sup> is enclosed.

**2.5 Labelling and advertising**

Signs and placards may only be installed up to the boundary of the stand. Any advertising activities outside the exhibition stand shall require prior approval from the organizer.

**2.6 Protection against fire and safety regulations****Smoke and fire alarms**

The operator of the Expocentre Fairgrounds requires smoke and fire alarms for two-storey trade fair stands. These will be provided and installed by the operator of the Trade Fair Center. The cost including labour and VAT is EUR 160.00 each. The number of alarms to be installed will be determined by the structural conditions and evaluation by the fire brigade. The charges will be included in the final invoice or are to be paid in cash on location.

**Stand construction and decorative materials**

Highly inflammable materials or materials that drip when burning may not be used. Special requirements may be made concerning structural parts in individual cases for safety reasons. Decorative materials of all types must be sparingly inflammable. It is necessary to prove that these materials are sparingly inflammable at the time of acceptance (test certificates are to be in Russian). Materials with a risk of explosion may not be exhibited at trade fairs and exhibitions.

**Balloons**

It is forbidden to use balloons filled with an inflammable gas within the halls and in the open areas outside. The use of balloons filled with a safe gas within the halls and in the open areas outside requires the prior approval of the Organizer.

**Rubbish, recycling and remnant bins**

No bins or containers used to hold rubbish, materials for recycling or remnants involving inflammable materials are to be set up at the stands. The bins and containers at the stands are to be emptied regularly at the corresponding points, and at the latest every evening after the fair or exhibition has closed.

**Spray guns, nitro-based paints**

It is forbidden to use sprayguns or nitro-based paints in any of the halls.

Cutting and grinding work and all work with naked flames, welding, flame-cutting, soldering, thawing, cutting and grinding work must be publicised before the start of the work and a written application made before hand to the Organizer. The area is to be suitably blocked off beforehand to avoid any dangers to others. Fire extinguishers must be available ready for use in the immediate vicinity. Circular saws are only permitted by using a dust extractor.

**Cranes, fork lift trucks**

It is not permitted to operate your own cranes and fork lift trucks on the premises of the exhibition grounds. Only units belonging to the shippers involved on the premises of the exhibition grounds may be operated.

**Empty containers and packaging**

It is forbidden to store empty containers (e.g. packaging and packing materials) at the stands. All empty containers and packaging materials are to be taken immediately to the designated storage point for empty containers and packaging materials operated by the approved shippers.

**Glass**

Only laminated safety glass may be used. The edges of glass panes must be machined or protected in such a way that there is no possible risk of injury. Objects made completely of glass must be marked at eye level.

**Stand safety**

The trade fair and exhibition stands with their fittings and exhibits and holders for advertising signs are to be set up in a secure and stable manner so that they do not endanger the general public or cause a nuisance. The exhibitor is responsible for ensuring structural stability and must provide certification and proof of this if required to do so.

**Protective equipment**

Machines and apparatus may only be put into operation once all the protective devices are functional and operating. The management of the trade fair or exhibition is authorised to prohibit at any time the operation of machines, apparatus and equipment if in their view continued operation of same would entail a risk of injury or damage.

**Hall floors**

Carpets and other floor coverings must be laid so as to avoid accidents and may not protrude out beyond the edge of the rented area.

Only adhesive tape that leaves no traces or residues may be used for fixing. All the materials used must be capable of being removed without leaving any traces or residues. Substances such as oils, greases, paints and similar substances must be removed at once from the hall floor. Neither paint nor adhesive may be applied to the hall floor.

**Security patrols**

General security patrols of the halls and the premises of the exhibition grounds during the time of the trade fair or exhibition will be undertaken by the Organizer. There will be general security patrols during the setting up and dismantling times, starting on the first day of setting up and ending on the last day of dismantling. The exhibitor must organise for himself any security monitoring of his possessions. Exemption from liability for personal injury and property damage shall not be limited by the general security patrols. Security guards required for the duration of the trade fair /exhibition must be ordered using the relevant form 8 of the "SERVICE MANUAL" only. No other security staff shall be permitted over the entire fair grounds.

**3. DURING THE FAIR OF EXHIBITION****3.1 Machine noise, audiovisual presentations, etc.**

Presentations of all types should be restricted as much as possible in the interest of other exhibitors and the visitors. It is not permitted to exceed a noise level of 75 dB (A) at the boundary of the stand.

**3.2 Photography and filming**

Photography is not permitted on the premises of the trade fair or exhibition grounds and within the halls, especially with regard to exhibition objects and items. The organizer reserves the right to make use of photographs and films of all types for its own and for general publications.

**4. COSTS, EXTRA SERVICES**

Orders/extra services can only be made/ordered by exhibitors using the forms included in the "SERVICE MANUAL". These orders/services are subject to a charge. Prices for these can be found on the relevant forms. Exhibitors must hand in the order forms to the addressee stated on the form no later than the deadline also specified on the relevant form. Orders for technical services received after the stated deadline shall be subject to a 30% surcharge on the rental price.

All the orders made during construction or exhibition periods should be paid only with credit cards issued by Russian banks (VISA, Mastercard, Mir) at the accountant desk of Expo Fusion LLC.

# IMPORTANT IF YOU BUILD YOUR STAND WITH A LOCAL CONTRACTOR

Please send us as soon as possible your stand layout for our approval. After the plans are approved please send them to our Russian partner OOO Expoconsta for their official approval and the obligatory payment of management fee as well. For further information please pay attention to the technical guidelines.

**Without any official approval from OOO Expoconsta and stamped plans from EXPO FUSION LLC your contractor is not allowed to build up your stand!**

PLEASE NOTE: your electrical order is not valid without a scaled layout plan! This plan has to show all measurements, particularly heights of your stand.

These documents must be submitted to EXPO FUSION LLC and OOO Expoconsta not later than 45 days prior to the official start of construction.
